SERVICE-DISABLED VETERAN-OWNED CERTIFIED

Clawpoint Security Collective (CSC) delivers mission assurance for regulated environments by accelerating RMF/ATO outcomes, enabling Zero Trust and identity governance, securing AI/ML systems, and reducing trusted workforce risk. We also support defensive cyber operations (DCO) through CSSP-aligned Blue Team capabilities—detect, respond, recover, and sustain—translating threat noise into prioritized, mission-relevant actions.

CSC pairs deep federal delivery experience with execution-grade security engineering and investigations leadership to accelerate accreditations, strengthen continuous monitoring, and reduce operational risk. Our innovation pipeline includes Infinite View™ (concept-stage), a human-centered decision interface designed to reduce cognitive load and speed analyst/operator decisions.

CORPORATE EXPERIENCE (Key Personnel)

DoD (U.S. Navy-NMCI/NGEN, U. S. Army, DTRA, DCSA) • DHS (CDM – PRIVMGMT) • Census • USHMM • FBI • TSA • USPS/USPIS

CORE CODES

NAICS: 541519 (Primary) 541511 · 541512 · 541611 · 541690
UEI: QMGUKY66AD53 | CAGE: 8P5B8 | SDVOSB

Cybersecurity & Regulatory Frameworks

NIST 800-Series (800-37/53/171 + CMMC) | NIST CSF 2.0 | FISMA | CNSSI 1253 | CIS Controls | NSA CSfC | CORA | ESM

CORE COMPETENCIES

Mission Assurance Baseline™ (MAB™): RMF/FISMA readiness baseline. (NIST RMF 800-37/53, FISMA, CNSSI 1253, SSP/POA&M, continuous monitoring)

Operation Ready™ (OR™): Scenario-driven readiness validation. (DCO, CSSP-aligned Blue Team, IR playbooks, exercises/tabletops)

Adversary Signal™ (AS™): Threat fusion (telemetry normalization and prioritization)

Infinite View™ (concept-stage): Decision support to reduce cognitive load. (NIST AI RMF, XAI)

PROVEN DIFFERENTIATORS

- **Mission Continuity:** DTRA-recognized telework transition with no loss of capability; 24/7 execution.
- **ATO Velocity:** 3 enclave ATOs in 9 months (2,300+ controls); 17 ATOs delivered (CPAR).
- **Detection Acceleration:** Response hours→minutes; ingestion 10→500 GB/day; ArcSight→Splunk modernization.
- **Privileged Access Risk:** Secured 22,000 elevated accounts; NMCI enterprise AoA; SIEM-aligned governance.
- **Governance Impact:** DHS CDM PRIVMGMT plan for 22 components; 97 findings resolved; approved in 60 days.
- **Readiness & Continuous Monitoring:** CM dashboard + ESM/CSF self-assessment (mock audit, scoring, out-brief).

SERVICES & PARTNERSHIPS

CLAWPOINT SECURITY COLLECTIVE

SBA U.S. Small Business Administration
SERVICE-DISABLED VETERAN-OWNED CERTIFIED

Core Service Areas

- **Policy, RMF/ATO & Governance** – NIST/FISMA-aligned compliance engineering to accelerate accreditations.
- **Zero Trust & Identity Governance** – ICAM, PAM/IGA, and ZTA-aligned architectures to reduce blast radius.
- **Secure AI/ML Controls** – AI risk governance, secure MLOps guardrails, and model assurance.
- **DCO / SOC Augmentation** – CSSP-aligned detect/respond/recover + continuous monitoring support.
- **Cybersecurity Assessments & Pen Testing** – Network/app/cloud validation and remediation planning.
- **Workforce Readiness Training** – Scenario-based exercises and analyst/operator simulations.

Innovation Frameworks

- Mission Assurance Baseline™ (MAB™): RMF-ready baseline + risk-ranked remediation.
- Operation Ready™ (OR™): Scenario validation that proves readiness before incidents.
- Adversary Signal™ (AS™): Telemetry → prioritized signals → faster action.
- Infinite View™(concept-stage): Reduced cognitive load, faster decisions.

Strategic Partnerships & Vehicles

- UNC Charlotte PORTAL: Innovation-adjacent footprint supporting collaboration, applied research access, and regional delivery presence.
- Tribal 8(a) Partnerships: Expanded delivery capacity and streamlined federal access.
- Dakota State Applied Research Corp (DARC): Applied cybersecurity research and technical acceleration.
- Contract Vehicles: Access via small-business partners on GSA MAS (HACSIN) and discoverable offerings via GSA Springboard.
